

SECOND ANNOUNCEMENT

19th Coordinated Working Group Meeting

www.ipp.mpg.de/cwgm2019

Helmholtz Headquarter, SpreePalais am Dom, Berlin (Germany)

Mar. 12th – Mar. 14th, 2019

The 19th Coordinated Working Group Meeting of the Stellarator-Heliotron Technology Collaboration Programme (TCP) under Auspices of the International Energy Agency will be held Mar. 12th-14th, 2019 in Berlin.

The CWGM is a working meeting, not a scientific conference. The CWGM is dedicated to fostering and promoting international collaborations within the stellarator-heliotron community and synergies with tokamaks. The outcome of the meeting will be agreed actions for the TCP within joint experiments and actions.

Preliminary Scientific Program & Venue

The meeting is held from 09:00 – 18:00 each day in the SpreePalais am Dom (Anna-Louisa-Karsch-Str. 2, 10178 Berlin). The closest S-Bahn station is “Hackescher Markt”.

The latest version of the agenda is found at the meeting website (www.ipp.mpg.de/cwgm2019).

The agenda covers:

- 1) Divertor and Edge Physics in Stellarators (M. Jakubowski)
- 2) Scaling and operation limits (G. Fuchert)
- 3) 3D Fast Ion Physics (S. Lazerson)
- 4) Fuelling Pellets and Impurity injection (N. Tamura)
- 5) Equilibrium (Y. Suzuki)
- 6) 3D Turbulence (M. Nakata)
- 7) Impurity Transport (N. Pablant)

The meeting is concluded with an outlook on the stellarator-heliotron work programs in the USA, Japan, China and Europe.

Social Programme

The conference dinner will be held on Wednesday 19:00 at the Restaurant Rotisserie Weingrün (Gertraudenstraße 10-12, 10178 Berlin-Mitte). Food is sponsored for registered on-site participants (beverages excluded). Please confirm your participation by 7th March 2019 to cwgm-2019@ipp.mpg.de (with indications of your dietary restrictions or requests for vegetarian food).

Remote participation

The meeting is transmitted via fusionTV and Zoom. Details can be found on the meeting website (agenda).

Registration

The meeting capacity (40 participants on site) has been reached.
